## 10TH ANNIVERSARY SEASON

2022-2023  
CONCERT BROCHURE

# A Look Back at the Last 10 Years ...

Since 2013, Saturdays at 7 has been showcasing local, regional, and international talent in a variety of styles from classical to jazz and everything in between. From celtic reels to musical theatre ballads, from African-American spirituals to Christmas carols from around the world, the universal language of music is alive and well inside the walls of the historic sanctuary of St. Andrew's.

What began on a hot June evening with a single concert has successfully evolved into a community gem for all of Chatham-Kent. Saturdays at 7 has presented over fifty concerts, showcased hundreds of performers of all ages and abilities, and has been supported by over 14,000 patrons from Chatham-Kent and beyond.

I would like to first thank both past and present members of the Performing Arts Committee for their support, encouragement, and shared vision for Saturdays at 7 – an accessible performing arts series for everyone. I would also like to thank the countless volunteers who put up posters around town, folded programs, ushered, provided refreshments, ran tech, and so much more. It takes a village, and I want to thank each person in this community who had a part in its success.

Lastly, I would like to thank the patrons. From that hot June evening onward, you have come out to support these concerts and given the encouragement to continue.

I am proud to announce the tenth anniversary season of Saturdays at 7. Ten concerts presented in celebration of the best of the last decade. So grab a pen, and mark your calendars – this year is going to be epic!

*Devon L. Hansen*

# Your Donations make a difference...

We want to take this opportunity to thank you once again for your donations, as well as your ongoing support over the past 10 years. We are proud of what we have been able to contribute to the arts community in Chatham-Kent and look forward to continuing that in the future. When you make a donation at a Saturdays at 7 concert, you may ask yourself what that money goes towards.

Your Donation:

- Allows us to continue to bring quality musical entertainment to Chatham
- Allows us to bring the Windsor Symphony Orchestra to Chatham
- Supports local artists as we give them opportunities to perform
- Allows us to invest in world-class instruments including our new Yamaha CFIII concert grand piano and our 1923 Casavant pipe organ
- Allows us to invest in the overall structure of the church sanctuary to preserve its acoustics for generations to come
- Supports the Choral Scholar Program
- Supports the purchase of new music for all the ensembles
- Supports the new Bel Canto Choir School
- Supports the new Chatham-Kent Chamber Orchestra

If you would like more information about giving to the music program at St. Andrew's or would like to make a larger tax-receiptable donation, please contact Devon Hansen at [music@standrewschatham.org](mailto:music@standrewschatham.org) or [www.standrewschatham.org/music](http://www.standrewschatham.org/music).

# **CHATHAM'S 3 TENORS**

## **CELEBRATING TALENT IN OUR COMMUNITY**

Chatham-Kent runs rich with musical talent, so it seems only fitting for the first concert of the season to showcase some stellar local talent - tenor style. While these 3 tenors may not include Pavarotti, local tenors Andrew Derynck, Colin Bell and Xander Bechard certainly know how to captivate an audience. Featuring solos, duets and trios of many genres, Chatham's Three Tenors will be an unforgettable experience and a great way to begin our tenth anniversary season.

# **PHANTOM OF THE OPERA**

## **CELEBRATING THE PIPE ORGAN AND THE SILENT FILM ERA**

This concert takes a trip back in time to the 1920s during the height of the silent film era with the presentation of the 1925 silent film "Phantom of the Opera." At a time when showings of silent films were almost always accompanied by live music, it is only fitting that we present tonight's movie presentation with live organ accompaniment. Presented on St. Andrew's historic 3-manual Casavant organ, we welcome Juno-award-winning organist Ian Sadler to the stage to bring us back to the 1920s for an evening to remember.

*This concert is co-presented with the Chatham branch of the  
Royal Canadian College of Organists.*

# **IN FLANDERS FIELDS**

## **CELEBRATING JOHN McCRAE AND WARTIME MUSIC**

Music during the war was utilized in various ways. Be it signifying one's culture, and bringing a little piece of their heritage with them, methods of coping due to the trauma and stress brought on by war, encouragement, or simply to tell their message to the world. In Flanders Fields will take us back to music during the Wartime Eras, as we come to the 150th anniversary of the birth of John McCrae, a Canadian soldier, surgeon and poet famous for "*In Flanders Fields*".

**FA LA LA LA LA**

## **CELEBRATING THE SPIRIT OF CHRISTMAS IN CHATHAM-KENT**

If you had to tell someone why Christmas was important to you, what would you say? What stories or songs of the season bring back happy memories for you? Why do they never seem to grow old? This concert will feature not only the chancel choir and chamber orchestra, but will also highlight the Bel Canto Children's Choirs as well as many other performers from the community. From "*'Twas the Night*" to the "*12 Days of Christmas*", this concert will feature some of the most cherished carols from our past and new renditions from today.

# **DUELING KEYBOARDS**

## **CELEBRATING THE BEST OF THE PIANO AND ORGAN**

We couldn't put together a tenth anniversary season without another duel of the instruments! Starting back in 2015, Dueling Keyboards has been an audience favourite in Chatham-Kent and this special anniversary edition will be no exception. As we start the centennial celebration of St. Andrew's magnificent Casavant organ, it is only fitting we match its grandeur with our new concert grand piano.

**FEB 25**  
**2023**

**LIFT EVERY VOICE**

## **CELEBRATING BLACK COMPOSERS AND THE CIVIL RIGHTS ERA**

Each year, the month of February is devoted to not only the celebrations, but the reminders of historic events in Canadian Black History. This concert will feature some of the musical works of famous Black Composers throughout history, and music specifically targeting the civil rights era. It is important to not only understand our history, but how it directly impacts the lives around us.

# **UNDER A CELTIC MOON**

## **CELEBRATING THE CELTIC ROOTS OF ST. ANDREW'S**

Originating from the British Isles, celtic music has been a prominent genre in Western Europe that quickly spread around the world. Celtic music has been an integral part of music at St. Andrew's since its founding as a Presbyterian church in 1834. Some familiar celtic tunes have been adapted to hymns such as *Be Thou My Vision* and *All Things Bright and Beautiful*, to on-screen favourites such as *Danny Boy*. Featuring St. Andrew's music ministry as well as members of the community, this concert will include a variety of works showcasing our celtic roots.

## **PEDALS AND PIPES**

### **CELEBRATING 100 YEARS OF ST. ANDREW'S ORGAN**

While not the original pipe organ, St. Andrew's 3-manual Casavant organ has been filling the sanctuary with harmonious sounds for the past 100 years. A rich history of organ music has been a large part of why St. Andrew's is known for excellence in music. Built by Casavant Freres out of Quebec, this world-class instrument is the largest organ this side of London. To celebrate this centennial celebration, we will be bringing in a concert organist to showcase the instruments full potential. Stay tuned for more details on this centennial celebration!

## **UNITED IN SONG**

### **CELEBRATING THE NEXT GENERATION OF SINGERS**

The Bel Canto Choir School was established in 2021 to help young singers develop their natural talent in a safe environment. Composed of both a Junior and Senior choir, BCCS sing a variety of material in all genres. This concert aims to highlight young choristers near and far as we host an augural Children's Choral Festival. Children are the future and we are excited to showcase the next generation of singers.

**10 YEARS AND COUNTING**

## **CELEBRATING 10 YEARS OF SATURDAYS AT 7**

As we reach the close to a season of many celebrations, it only felt right to end celebrating accomplishments of the past 10 years. Featuring the full force of St. Andrew's music program along with many surprise guests from concerts of the past, this will be an evening of music to remember. Come help us celebrate 10 years of Saturdays at 7 and help us usher in another decade of concerts in Chatham-Kent.

# CELEBRATING THE RETURN OF THE WSO

On top of our Saturdays at 7 concert series, we have also hosted the Windsor Symphony Orchestra at St. Andrew's since 2015. After a two year COVID hiatus, we are excited to announce that the WSO will once again be returning to St. Andrew's. This will be the sixth year that the orchestra has presented concerts at St. Andrew's and we acknowledge that these concerts would not be possible without the support of the local community.

## TICKETS

Tickets for the Windsor Symphony Orchestra concerts at St. Andrew's are available exclusively at the church office (85 William Street South).

# MUSICAL PICTURES

## FRIDAY NOVEMBER 25, 2022

Georg Phillipp Telemann was likely the most prolific composer of his time. He and Johann Sebastian Bach were contemporaries and friends. In fact, Telemann was the godfather to one of Bach's many children! Telemann's *Alster Echo* Overture refers to a lake outside of Hamburg where Telemann lived and worked. This piece is a great early example of programmatic music that will paint a picture lakeside for all to enjoy. Also on the program is Bach's famous *Ricercare a 6*, more commonly known as Bach's Musical Offering is an example of genius at work. This particular work combines six independent voices into one cohesive whole.

# SERENADING STRINGS

## FRIDAY APRIL 14, 2023

Tchaikovsky's *Serenade for Strings* is a hyper-romantic work that speaks to his love of the music of Mozart. Using his own distinct language, Tchaikovsky's music will fill the hall with achingly beautiful melodies. Andrew Balfour's *Pyotr Dream* was inspired by another Tchaikovsky work, "Hymn of the Cherubim." Balfour is an innovative Cree composer, conductor, singer, and sound designer known for fusing Classical music traditions with Indigenous texts and themes.
